To My Dear Dr. Loss,

When I couldn't focus on driving my car & other activities.

I felt old age is creeping upon me as I'd be 67.

So, I choose to drive less and stayed home more. Feeling so sad and depressed.

Thankfully, I attended your lecture about Alzheimer's. I felt, I would make an appt. to talk to you, at your office.

Luckily, I did that because, with your fine technology, medications & supplements, I am feeling back to my old happy self. I ~~can't~~

Thank you, ~~enough~~ for your help & readily & truly appreciate all that you did for me.

Bliss You
Fran
